It is estimated that the Second district is Democratic by 2,000.

In all probability Berkley, Democrat, is elected to the House of Delegates from Norfolk county.

The Republicans of Norfolk voted to day to within 430 of their vote at the Cleveland. Harrson election, and the falling off is fully accounted for by the well-known apathy in their ranks, and not any sort of obstruction at the polls, as the Mahoneites will claim.

Petersburg: Hugh R. Smith and E. M. Clements, Democrats, are elected to the House of Delegates from this city by a majority of nearly 450. A gain of 2,000.

Major Thomas H. Bond, Republican, is probably elected to the Senate from the Twenty-ninth district.

Prince George county has gone Republican by a majority of about 500.

Estrick precinct, Clesterfield, gives the Democratic ticket a majority of 139.

Held for Murder in Baltimore. Onancock: Nine precincts thus far heard from in Accomack give Mckinney and the other candidates on the Democratic ticket a majority of 196. If this ratio is maintained in the other precincts the Democratic majority in the county will reach 1,300.

Four precincts in Northampton county give the Republicans a majority of 180. That county has probably given 250 Republican majority.
